Dear Sir

Request for Permanent Export Marker – Registration number: xxx xxx

I wish to apply for a Permanent Export Marker to be shown on the vehicle database for the above vehicle.

The vehicle is currently in **(insert country)** for the following reason (delete as applicable):

1. Extended overseas travel & visiting various countries.
2. Registered Keeper on a work contract – I am unable to register the vehicle in the country of current location as I am not taking up permanent residence.

It is therefore not practical for me to comply with UK vehicle circulation legislation (vehicle tax/MoT).

The vehicle left Great Britain on **(insert date)**.

Temporary importation of the vehicle is covered by a customs document (“carnet”) issued by RAC in Bristol. Verification of issue can be confirmed by calling RAC Carnets on 08000 468 375 (email – carnets@rac.co.uk)

I understand that when the vehicle returns to Great Britain, vehicle tax will be liable & an application will be made for renewal.

Confirmation of this request would be appreciated to my address or via email.

Yours faithfully
